

QUALITY POLICY

3SP Technologies designs, manufactures and markets efficient optic-electronic components for nearly 25 years.

Our missions are:

- to satisfy customers by delivering quality products on time,
- to secure sustainable employment for our employees,
- to create values for our employees and the O-Net group,
- to respect the environment by limiting the environmental impact of our activity.

Thanks to 3SP Technologies' commitment to quality, we have put in place a formalized, comprehensive improvement process which clearly meets the stringent demands and sensibilities of all parties concerned in ISO 9001 certification.

3SP Technologies is committed to customer satisfaction and strict regulatory compliance by providing the necessary resources for the implementation of the Quality Management System.

Our experience has allowed us to define our strategic challenges for 2018 and to convert them into the following quality objectives:

- 1. to guarantee customer satisfaction**
- 2. to increase and secure our production capabilities**
- 3. to introduce new high-potential products**
- 4. to pursue the innovation and vertical integration strategy of O-Net group**

As General Manager, I am committed to effectively communicating, verifying and executing each point in our quality management policy as well as ensuring updates whenever necessary and conducting an annual management review to guarantee compliance.
