### **About 3SPGroup**

3SPGroup is a leading provider of innovative optical products and solutions for Lasers, Sensing & Telecom markets. The Group designs, manufactures, and markets high reliability active & passive optical components and modules for the telecom, sensing & laser markets. It develops ultra-reliable fiber-optic systems including high-power fused components, optical sensors and fiber laser components. Through its Avensys Solutions division, it also provides instrumentation and integrated solutions for process and environmental monitoring systems.
